

Gardener quotes from Ethan

Ethan suggests taking out the old plants from the front garden, and putting in the new plants as part of their regular visits, so no additional costs.

Price for planting new Hebes – small 2L pots £240.00 plus VAT. (These would take some time to fill out.

Or Large Hebes in 5L pots £398 plus VAT.

Removing the bamboo outside the cottages - £300 plus VAT. A digger would be required. As the bamboo has got very deep roots that can go under the foundations, he recommends removal.
